

## ABOUT US

London Research International Ltd (LRI) is a rapidly growing provider of international research, consulting and marketing services. Clients include major international companies, research institutions and government offices. LRI's primary task is to work with clients on projects or businesses outside their own countries. We are a member of the British Expertise, formerly, the British Consultants and Construction Bureau. Being a major service supplier to Japanese companies, we also hold membership in the UK's Japanese Chamber of Commerce and Industry.

## GLOBAL RESEARCH & MARKETING

### AD-HOC RESEARCH

LRI provides ad-hoc research services worldwide. The methodology we most often use is interviewing stakeholders concerned. We are able to cover all sectors of the economy, though requests from our clients often fall into the following four categories: regulations, markets, strategy and technology. Our services and reports are used by governments and companies from Europe to Africa, the Middle East and Asia.

### MARKETING OF TECHNOLOGIES & INDUSTRIAL PARKS

LRI offers international marketing services for energy- & environment-related technologies, and industrial parks (or estates) for petrochemical downstream industries. Our services are based on our expert market knowledge in the areas concerned, and our capability of mobilizing a number of specialists worldwide to attain objectives. Our website [www.GreentechEurope.com](http://www.GreentechEurope.com) showcases the latest technologies and developments in renewable energy industry in Europe and further afield.

## CONSULTING

### ENERGY

Our expertise in energy covers both conventional energy sources such as oil, gas and power and renewable energy sources such as solar, marine and wind power. Recently, we have further expanded our expertise to provide a wealth of information and analysis for technology issues of smart grids/cities, carbon capture and storage and other issues relating to energy efficiency and carbon reduction.

### TECHNOLOGY

LRI provides business support to technology companies to enable the delivery of innovative technologies in domestic and overseas markets. Among our services, we provide market analysis, financial feasibility studies, strategy advice and marketing. We can also help identify potential partners in overseas markets.

### DEVELOPMENT

LRI aims to provide British Expertise for PPP projects outside of the UK. We have mobilised the UK's most qualified PPP experts, who have a wealth of experience working on key projects for investors and governments at the highest level.

### PROJECT MANAGEMENT CONSULTANTS (PMC-) AFRICA

Our latest venture is Project Management Consultants Africa Ltd (PMC-Africa), an African-based international consultancy that provides project management consulting services focused on investment projects in Sub-Saharan Africa (SSA).

## PUBLICATIONS

LRI has produced nearly 40 publications on renewable energy and energy related topics, all available for purchase online through our website. Our reports provide detailed analyses of individual energy sectors, including government incentives and commitments, renewable energy markets, power grid connections and development permits. LRI's reports are among the most detailed and comprehensive available.

Some of our recent publications include:

- The Sub-Saharan Africa Oil and Gas Industry: Opportunities for Heavy Industry Suppliers
- The Tidal and Wave Energy Industry Outlook 2014
- Renewable Electricity Incentives in the OECD, China and India
- The Asia-Pacific Renewable Electricity Sector: A Country Comparison of Risks and Opportunities
- European Renewable Electricity Sector: A Country Comparison of Risks and Opportunities

We also publish up-to-date assessments of the renewable electricity sector for the following countries:

Australia, Austria, Belgium, Bulgaria, China, Finland, France, Germany, Greece, Hungary, India Indonesia, Ireland, Italy, Japan, Malaysia, Netherlands, The Philippines, Poland, Portugal, Romania, Slovakia, South Korea, Spain, Sweden, Taiwan, Thailand, UK, Ukraine and Vietnam
